## SOFA CONFIGURATION – EXAMPLES

SOFA ASSEMBLY – LEGS
Depending the sofa combinations that was chosen, some of the screw holes may not be used!

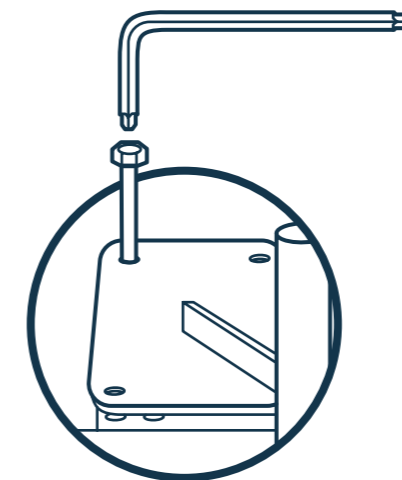

Unpack the Seat Base + Seat Cushion and remove the Seat Cushion.

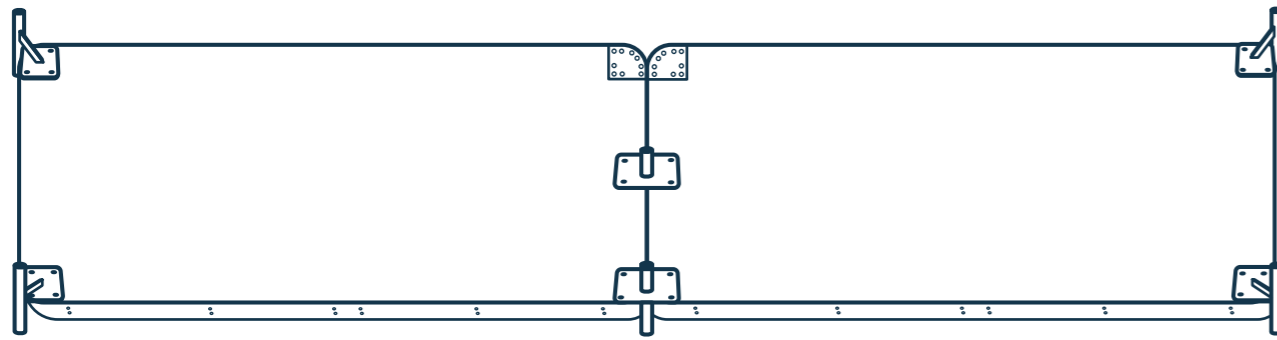

Flip Sofa upside down.

Place legs according the chosen sofa configuration.

Tight the M6x25 Bolt + Washer in the correspondent holes. Corner Legs should have 5 Washers + Bolts (each leg). Please make sure the legs are aligned with the holes in the metal plate and centered in the corner.

SOFA ASSEMBLY – BACKREST
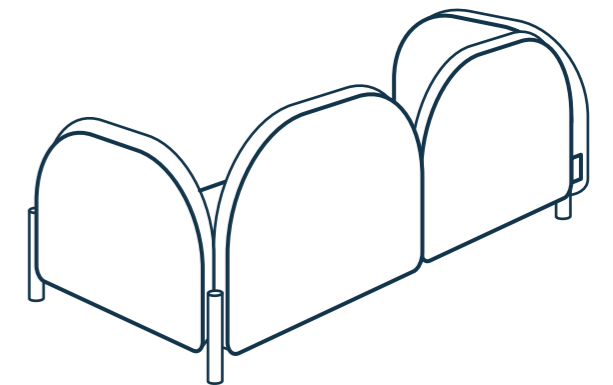

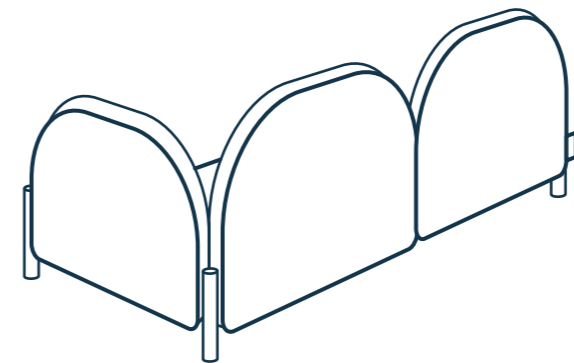

Flip Sofa again, to its right position.

Unpack the Backrest and open the bottom zipper. Insert the M6x60 Head Bolt + Washer in Backrest
(6 per Backrest).

Position the bolts on the backrest in Seat Base holes and lightly screw them.

Please make sure that DUX label it's always on left hand seeing from the front of the sofa.
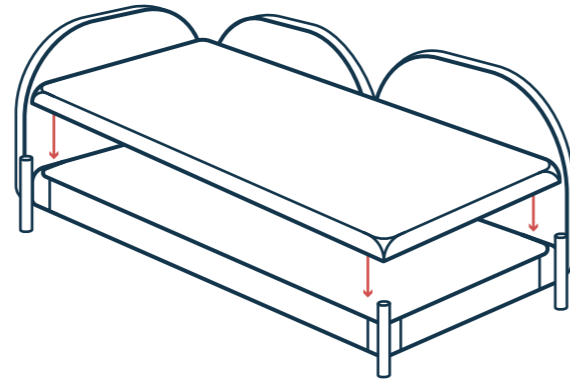

Tighten the bolts definitely, for that use a 10mm Ratcheting Hex Wrench or a Drill with a Hex Wrench Socket.
Be careful to not mill the bolt! After tighten all bolts close the Backrest zipper.
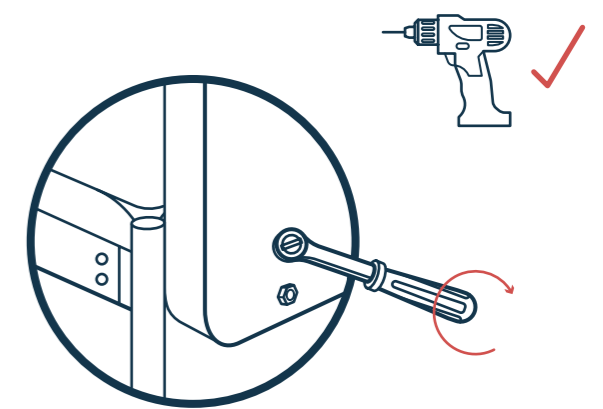

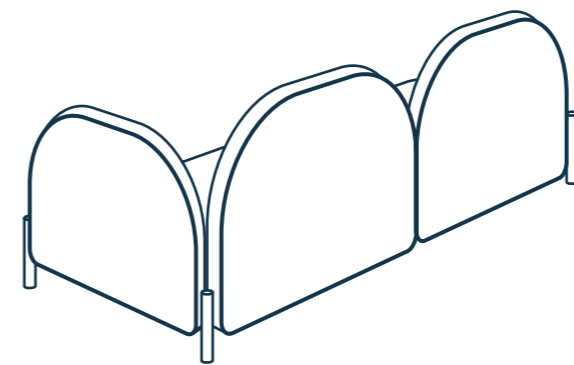

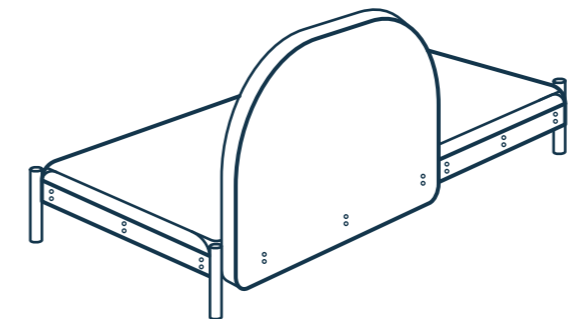

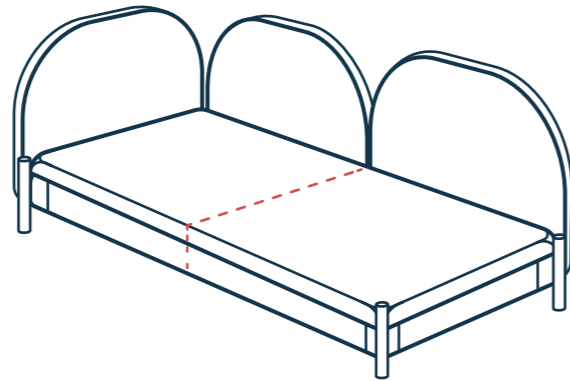

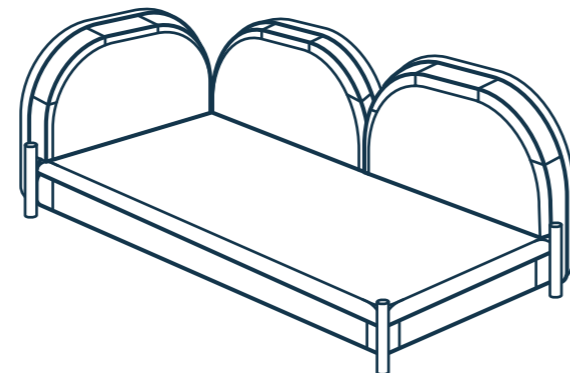

SOFA ASSEMBLY – CUSHIONS

Lay Seat Cushion aligned in Seat Base.

Align both by middle stitching.

Place Backrest cushions according
the chosen sofa configuration
and decorate with deco cushions.
Deco cushions – The more the better!

ENJOY YOUR NEW SOFA!
